

Spooky Bat

STEP 1

Cut out the template on this sheet. Fold a piece of white A4 paper in half, place the template along the fold and draw around. Unfold the piece of paper to reveal your bat template. Lay this on top of a piece of black card or sugar paper and draw around the shape. Remove template and cut out your bat.

STEP 2

Stick on two wiggly eyes on the bats head and use a hole punch to add a hole at the bottom of its body. Thread your string or wool through the hole and tie off to secure. Choose how high you want to hang your bat and cut the string/wool.

YOU WILL NEED:

- *A4 White Paper
- *Black card or sugar paper
- *Wiggly eyes
- *String or wool
- *Glue
- *Hole punch
- *Scissors

Hang the bat in your house or outside your front door ready to scare on Halloween!
